Employment History

- 06-2000 - Present Highline Community College (HCC), Des Moines, Washington
Instructor, Web Development part time: Teaching students in continuing education courses; Effective Web Design, FrontPage 2002 1 & 2, HTML 1 & 2, Cascading Style Sheets (CSS)
Web Design and Development Internship program (WDDI)
- 11 -1999 – Present TenTonWeb, LLC
Lead Developer/Designer, Co-Owner part time
Coordinated startup and developed marketing strategies. Well developed presentation skills; effectively ascertain clients need and propose layout, schedule and design plan. Develop websites to the ultimate satisfaction of clientele. Follow entire lifecycle of projects from search engine optimization and registration, to implementing updates and maintenance of web sites. Including but not limited to, database programming, server and client side coding, graphic design, graphics optimization, and excellent search engine ranking results.
- 03-2001 - Present Artifex Business Identity Development, Tacoma, Washington
Web Developer/Designer Full Time
Primary responsibilities include cross-browser front end user interface design to back end database development. Design and code using technologies and software such as, Adobe Photoshop, Illustrator, Image Ready, Macromedia Dreamweaver 4, UltraDev 4, Dreamweaver MX, Cold Fusion Server, Ultra Edit, HTML, JavaScript, XHTML, ASP, SQL, SQL Server, Cold Fusion, and CSS. Coding sites to be Section 508 ADA (Americans with Disabilities Act) compliant and maintaining high usability standards.
- 04-1985 – 03-2001 Wicks Airfreight, Inc. Seattle, Washington
Warehouse manager, truck driver
Beginning as a warehouseman, I swiftly moved into driving after training for a class A CDL. Responsibilities included; preparation of US Customs documents, adherence to DOT regulations and the timely delivery of shipments to meet airline flight schedules. I later accepted the position of Warehouse Manager. In this capacity I was a decisive team leader overseeing a fleet of 70 tractor-trailers, and the employees therein. Including Interviewing, hiring, and dismissal of employees. Effectively coordinated the shipment of 600,000 pounds of freight on a daily basis. Coordinate fleet maintenance operations without interruption to daily operations. Administered customer service for drivers, brokers, Department of Transportation, and US and Canadian Customs agents.
